Mission

Empowering children out of poverty through education.

Vision

A future where literacy breaks the cycle of poverty, providing universal access to education for every child.

“ Afghanistan remains the only country where girls are banned from secondary education. Yet, in this darkness, a light continues to shine—YOU.

Thanks to your compassion, the Afghan Literacy Foundation empowered hundreds of students and provided hope for families facing unimaginable challenges.

Together, let's make 2026 the year we reach 400 students and uplift entire communities through education.

To educate is to plant seeds of hope. To empower is to give them strength. To elevate is to help them soar. Be the one who gives a young mind the gift of opportunity.
